Instruction:	As discussed please attend as a recall to the Tenant report, following the installation of the dishwasher parts. Tenant report: "As an update on the dishwasher and washing machine, the person from Smart Appliances Ltd has just been here. Once he finished, he found that the programs of the dishwasher weren't working. I had never had this issue before his visit. I have a video of this if needed. He then turned the power down from the kitchen's switch and turned it on again. Then he tried again to start the programs and they were working. However, as soon as he left the apartment I started a 'normal' dishwasher program and this seems to cause the power to go out. Please see video attached."
