<b>Instruction:</b>	Please attend for: The bottom tray in the dishwasher is missing wheels so it doesn't slide back and forth properly. The tenants have to lift it out and put it back in. When it is full, it is very heavy to lift back inside. The vegetable crisper tray in the fridge doesn't fit, so each time you pull it out and put it back in the door doesn't shut properly. You have to lift it up and manoeuvre it into place – probably not the correct size
