Instruction:	Please investigate the dishwasher - same issue as last year when you replaced the pump May 2023, are the works under warranty? We are having an issue with our dishwasher at 4 Redwood Mews. It seems to not be draining properly when the wash is finished, it's also not cleaning our dishes properly. We have pulled the drain out to make sure it's not blocked and ran a load with just rinse aid but unfortunately it hasn't helped.
